## PAYROLL UPDATE INFORMATION

**If this is the first year your company is running payroll in ABC, or if you have general questions about your payroll setup, please give us a call!**

ABC sends a letter with the payroll rate changes only at the end of the year. Included in this letter are only the changes that have been made as of the time the letter is sent. The rates entered here are according to the 2010 Circular E, Employer's Tax Guide. Check with your accountant to make sure all current rates have been entered. For those who are using automatic deductions with a total set on the E screen, those totals will have to be adjusted. See Field Help for TOT AMT on E screen.

## Tax Tables and Wage Categories Update Information

These instructions are for entering your payroll information into the Tax Tables and Wage Categories.

To access this screen from ABC Windows Client, click the PAYROLL tab and then TAX & WAGE TABLES. From a DOS workstation press F10, K.

**1.** Enter **FD** in the record code field to move to the FD record. Change Dependent Deduction to 3,650.00. Press ENTER. Press F9 to save the record.

**2.** Enter **FDM** in the record code field to move to the FDM record. Change Dependent Deduction to 3,650.00 Press enter twice to get to the tax table. Enter the following figures in the proper columns. Then be sure to press F9 to save your work.

<u>TAX RATE %</u>	<u>OVER WAGE</u>	<u>PLUS AMOUNT TAX</u>
10.00	13,750.00	
15.00	24,500.00	1,075.00

TAX RATE %	OVER WAGE	PLUS AMOUNT TAX
3.07		

## Payroll Setup Data

To access this screen from ABC Windows Client, click the PAYROLL tab and then SETUP. From a DOS workstation press F10, `E.

In the lower part of the Payroll Setup screen, make sure these rates and limits are entered correctly and saved.

	RATE	LIMIT
FICA	.062	106,800.00
FUTA	.008	7,000.00
SUI		8,000.00 (this is the PA Limit; other states may vary)
MEDICARE	.0145	9,999,999.00

Note: The employer's SUI rate is not one set rate. This rate you will have to enter yourself when you find it out from the state. The state sends out a notice towards the end of the year to each employer. The rate varies depending in what industry you are and how many claims have been registered against your account. The employer limit remains at \$8,000.

Contact your accountant for county and other local tax withholding rates. Then give us a call, and we can assist you in setting them up.
